WEATHER FORECASTS FOR YUGOSLAVIA,
5 APRIL - 1 MAY 1951

5 April

Clearing, except in the extreme southeast, where it will remain extremely cloudy with light rain. Light to moderate northerly winds. Temperature rising.

7 April

Clear or slight cloudiness during the day. Northwest will become cloudy. Light variable winds. Temperature rising slightly.

8 April

Increasing cloudiness in the northwest, with rain expected in Slovenia near the end of the day. Other regions will remain very clear with rising temperature. Moderate southerly and southwesterly winds.

10 April

After a clear night, considerably increasing cloudiness with brief occasional rain, growing more intense in Slovenia in the afternoon. Light winds. No change in temperature.

11 April

Intermittent cloudiness with occasional rain. Increasing clearing expected from the northwest before noon. Moderate winds. Temperature falling slightly.

12 April

Cloudy with rain in southern regions; variable cloudiness with occasional showers in northern regions. Moderate winds, mostly northerly, stronger in the northern Primorje. Temperature falling throughout Yugoslavia.

14 April

Clearing in the northwest, spreading toward the east. Light rains in the extreme southeast. Light winds in the interior; moderate, mostly northerly winds along the coast. Minimum morning temperatures in the northwest and northern regions will be about 0 degrees centigrade. Considerable rise in temperature expected at end of the day.

15 April

Cloudiness and fog expected. Moderate variable cloudiness in the Primorje. Light winds. No change in temperature.

16 April

Clearing, with variable cloudiness during the day. Light to moderate northerly winds. Temperature rising.

17 April

Mostly clear. Light winds. Minimum morning temperatures between 0 and 15 degrees centigrade. Considerable rise in temperature during the day.

18 April

Intermittent, moderate cloudiness in northwestern regions at the end of the day; mostly clear in other regions. Light winds. Temperature continuing to rise. Morning frost expected in valleys in Serbia. No rain expected through Sunday.

19 April

Slightly to moderately cloudy, except in Macedonia, where it will be extremely clear. Light to moderate southerly winds. Temperature rising.

21 April

Extremely cloudy with occasional light rain. Heavier rain expected in mountainous regions. Possibly clearing in Croatia and the Vojvodina. Variable winds. Temperature falling, particularly in Slovenia, Northern Croatia, and the Vojvodina.

23 April

Slight cloudiness and moderate east winds in Croatia and Slovenia. Very stormy in the Primorje. Morning temperature will fall to 0 degrees centigrade. Variable cloudiness with moderate to strong northeasterly winds in other

regions. Morning temperatures will fall to 0 degrees centigrade in the lower regions, and to minus 5 degrees centigrade in regions with an elevation of 1,000 meters.

24 April

Very clear; becoming cloudy during the day in Serbia and Macedonia. Winds decreasing considerably and becoming variable. Temperature rising. Light morning frost expected in the interior. Minimum temperatures varying between minus 2 degrees and plus 2 degrees centigrade.

26 April

Very clear. Light cloudiness during the morning in Macedonia. Light winds. Temperatures at 1000 hours were 13-17 degrees centigrade, and about 20 degrees centigrade in the Primorje.

28 April

Cloudy with heavy rain in Slovenia, the Primorje, Bosnia, and Montenegro. Variable cloudiness with light occasional rain in other regions. Moderate southerly winds; stronger southerly winds in the Primorje. Slightly colder in northwestern section, with no change in temperature in other regions.

29 April

Variable cloudiness with occasional rain along the coast and mountain chains, spreading to the interior in the afternoon. Mostly southerly winds, changing from moderate to strong. Moderate cooling expected in northwest regions.

30 April

Light rain in Slovenia and the Dinaric Mountains. Variable cloudiness with afternoon showers in other regions. Light variable winds. No change in temperature.

1 May

Very clear in the morning. In the afternoon, variable cloudiness in the interior with occasional brief showers. Light to moderate southerly winds. Temperature remaining high.
